REPORTS.

BOARD OF EDUCATION.

Your Board of Education have had under consideration the general statement of the aim and policy of the Board of Education of the M. E. Church, South, as prepared and sent out by the Board at its last regular meeting ; and recommend that this Conference give hearty endorsement and co-operation to the General Board in all its purposes as thus expressed.

In order to complete the organization which they suggest and to facilitate the work in behalf of this important interest of the Church, your Board recommends the adoption of the following :

1. This Conference shall elect a Conference Secretary of Education, to serve without salary, to whom the several District Boards of Education, hereinafter provided for, shall report immediately upon their organization. It shall be the duty of the Conference Secretary of Education to see that the District Boards be furnished with catalogues of all our institutions and with all information necessary to the prosecution of the work of the District Boards, and to keep a roster of teachers desiring situations, and to put them in correspondence with the Boards applying for teachers.

2. This Conference shall also elect a Conference Treasurer of Education, to whom all moneys belonging to the Conference Board of Education shall be paid and who shall pay out of the said funds the expenses of the Secretary of the Board for stationery, printing, etc., and the traveling expenses of members of the District Boards when in the discharge of their duties as members of the Board, and shall present an itemized statement of all moneys received and disbursed by him to the Annual Conference Board of Education, with vouchers therefor.

DISTRICT BOARDS OF EDUCATION.

Every District Conference shall elect, for a term of two years, four laymen, and the Presiding Elder shall appoint three preachers from his district, as a District Board of Education. The Presiding Elder shall be ex-officio a member of the Board, and he shall have

power to fill any vacancies occurring in the Board, in the interim of District Conferences. He shall call a meeting of the Board for his District in the month of April, which shall effect its own organization and report the same to the Conference Secretary of Education, and lay such plans for their work in the District as in their judgment are advisable. The four laymen upon this Board shall be ex-officio members of the District Conference. It shall be the duty of the District Boards of Education :

1. To secure through the pastors of the different charges of the District, such facts concerning the number of children and young people of our own church of school age and the facilities for education within their bounds as shall enable the Church to know the needs of our people ; to secure from the Secretary the names of such teachers as desire situations, and to do all in their power to supply the local needs within the bounds of their several Districts, to procure the names and addresses of such young people as may be induced to attend our Academies and Colleges and to report them to the faculties ; personally to aid the agents of our schools in whatever way possible when canvassing within their bounds ; and to report in writing to the District Conference the work of the Board for the year, together with the statistics before mentioned.

2. No student for our ministry shall be admitted to our Academies or College as a beneficiary student, who has not been recommended to the District Board by the pastor of the charge in which he holds his membership, and by the District Board to the faculty of the institution which he proposes to enter. When such application is made and approved, the District Boards shall diligently enquire what amount of aid is absolutely necessary for such applicant, to meet expenses other than tuition and shall inform the pastors of the amounts expected of their charges and the pastors shall raise the amounts in such way as they shall deem best ; and the said amounts, when raised, shall be forwarded to the Treasurer of the Conference Board of Education with information for whom it is to be used.

3. No school shall be recommended to the patronage of our people by the District Conferences that has not secured the approval of the District Board of Education.

In order to carry this organization into effect at once, we recommend that the Presiding Elders be requested now to name four laymen in each of their several Districts to be elected by this Conference, to act until the meeting of the District Conference, and that the Presiding

Elders to be appointed add to these immediately after the appointments are made, the clerical members necessary to complete the Board.

In order further to forward the work of education within our Conference, we recommend that the Annual Conference Board of Education be elected to serve for four years.

And we further recommend that it be made the permanent order of the Conference that one of the hours for night service of the Annual Sessions of the Conference be set apart for the anniversary of the Board of Education.

And the Board recommends to the Conference that C. M. Bishop be elected Conference Secretary, and Lon. V. Stephens Conference Treasurer, according to this Constitution herein adopted.

Your Board desiring to put itself in report with our general Board of Education and desiring further to devise as liberal measures as possible, we therefore recommend that an assessment of \$2,028 be made on this Conference for education, to be divided as follows : For Paine and Lane Institutes, \$600, for the general Board, \$228 for Central College, \$400 for Central Female College, \$400, to assist in the education of ministers' daughters and the preparation of young ladies for mission work, for Scarritt Colligate Institute, \$200 and for Morrisville College, \$200 to be used in aiding young preachers in their education.

A. G. DINWIDDIE.

NO. 3.—CENTRAL COLLEGE.

Your Board of Education has carefully considered all the items and data at hand, in regard to this important institution of learning, and beg leave to say, that its success the past year is gratifying. The matriculation was 143. The health of the faculty and students was never better and the religious tone of the college was never higher, and more pervasive.

There were five young men graduated, and six former students took the degree of A. M.

The new college building is now completed and partially furnished.

The present term opened with the largest enrollment (150) in the history of the college, and it to-day has promise of greater pros-

perity than ever before. The property of the college is now valued at \$140,000, and the endowment fund at \$130,000. This estimate does not include the \$10,000, recently bequeathed to the endowment fund by the late Rev. Moses U. Payne. We lift our hearts in gratitude to the great Head of the Church for the past achievements of Central College and for the present unprecedented prosperity, and we devoutly pray that its future may be yet more successful and useful. We most heartily recommend it to our people, as one of the best schools, not only in our State but in our broad land.

We request that Gleas H. Harvey be elected curator of Central College and that a visiting committee be appointed.

A. G. DINWIDDIE.

NO. 4.—CENTRAL FEMALE COLLEGE.

The college closed its 26th year the 5th of last June, having matriculated 157 students during the year, with 117 of them boarding pupils. The number of pupils in special departments was as follows: In instrumental music 100, vocal music 44, harmony 35, art 25, elocution 38, physical culture 75. They are from several States and Territories, and from many counties in our own State.

To date of commencement were collected from board and tuition, \$23,510. The primary department has been abolished, the college being no longer dependent upon this department to maintain itself.

Diplomas were issued to four young ladies who had finished the full course in the literary department; also to two who had graduated in instrumental music, and to one who had graduated in elocution.

One young lady received a certificate of graduation in the natural sciences. In the college are two organizations a Young Woman's Christian Association and a missionary society. About \$100 were collected for missions and forwarded. The Board of Curators report the college to be in need of more room and have determined to ask the church and friends of higher education to give them \$50,000, with which to erect additional buildings. To this end W. D. Rankin has been engaged to act as agent.

We would commend the college to the consideration of our people and bespeak for it the patronage of our people. We also request that visiting committee be appointed.

L. M. PHILIPS.

NO. 4.—MORRISVILLE COLLEGE.

Located in a Christain village, 1400 feet above the sea, commanding a territory untouched by the immediate influence of other schools of our Church, with a history of years of consecrated fidelity to higher Christain education and with many of its allumni among the most brainy and useful minsters of the church, Morrissville College feels that it can appeal with confidence to this Conference for its sympathy, prayers and material support. During the past year 121 students have matriculated. Among these nine were ministerial students.

The present session opens auspiciously. Friends of the school are most hopeful of an enlarged success and usefulness of the institution.

In place of Rev. J. B. Ellis, who resigned the presidency, the Board of Curators have elected Rev. W. H. Winton, a man eminently qualified for this important trust. The faculty has been enlarged by the addition of Prof. S. M. Godbey, an A. M. of Central College, with many years of experience as a successful teacher. Also Mrs. Godbey a graduate of Morrisville College, and of Miss Morcia Marvin who gives a course in Bible study to the young ladies of the school. We are glad to know the Bible has been made a text book in the school. The Board request the appointment of Rev. W. H. Winton to the presidency of the college and that B. W. Appleby, W. A. Turner, W. A. Reed, Rev. R. G. Flummer and Rev. W. F. Wagoner be elected Curators for the three ensuing years. Also that a visiting committee be appointed.

J. W. HOWELL.

NO. 5.—SCARRITT COLLEGIATE INSTITUTE.

We are pleased to learn of the continued success and usefulness of this excellent school. It is doing a noble work in sending forth young men and women to serve God and bless society, with the power of thorough scholarship and sound Christianity.

The Institute is located in the heart of the healthful and beautiful town of Neosho. The buildings are excellent, the entire school property being worth at least forty thousand dollars. The average attendance during the past seven years has been nearly 180.

Located 230 miles from Fayette, in the southwest corner of the State, and accessible to Arkansas, Indian Territory and Kansas, Scarritt

Institute draws its patronage from several States and Territories, as well as from many counties of Missouri. The moral influence of the school is of the best, and great care is taken of the spiritual welfare of the students; so that very few leave school at the close of the year who are not professors of religion and members of the church. This institution deserves the sympathy and material support of our people. It is our own school, our own property, and we do ourselves wrong if we in any way withhold from it the support which it certainly merits.

We recommend the appointment of Rev. C. C. Woods, D. D. as President, for the ensuing Conference year, and we also request the appointment of a visiting committee for this Conference.

FELIX R. HILL.

NO. 6.—COTTEY COLLEGE.

The Board of Education, which has had under consideration the facilities and interest of Cottey College, submit the following report:

This grand institution for the education of young ladies under the management of Mrs. V. A. C. Stockard, its president, has come to take its place among the best institutions of our State. Its facilities are most excellent indeed, being situated in the city of Nevada and the only Methodist institution for young ladies in this part of the State, it has a territory in southwest Missouri and Kansas, from which to draw its patronage that makes it one of the most needed and vital institutions of our Church. It has a splendid campus of five acres, and the college building is after most modern improvements, with large rooms, well ventilated, lighted with gas, and heated with steam.

The religious influence at the college is most striking. Very few young ladies that are irreligious go through even one term without being converted, and the Word of God is taught in the school, and the sublime principles of Methodism are impressed upon the minds of the students.

A splendid faculty has been selected, each teacher a specialist in her department. Perhaps there is not a finer music department in the State than that at Cottey College under the direction of the distinguished teacher, Madame Edward Blitz. Mrs. Blitz's name is guarantee of grand success to this department.

We recommend that we continue our present relation to the

College, and request the Bishop to appoint a visiting committee. Also that the following advisory board be appointed: J. King, C. H. Briggs, W. J. Carpenter, Dr. J. W. Ammerman, J. S. Clark, H. W. Harrison, W. T. McClure, J. B. Latimer, and the Presiding Elder of Nevada district.

N. R. STONE.

NO. 7.—PAINE AND LANE INSTITUTE.

By the communication received from Bro. Geo. Wm. Walker, President, the Board of Education are informed that "Paine Institute," one of the institutes of learning fostered by our church for the education of "colored preachers," like most of the institutes of learning of our Church is still in need of financial aid and a strong appeal is made for help. We acknowledge the obligation that is upon us to help Paine Institute and appreciate and applaud what it has accomplished in behalf of our colored brethren, and we deeply regret its need of funds, and the seeming indifference manifested by those who have the means of supplying this need.

Bro. Walker has done nobly as President of this Institute and the work that he and his co-laborers in this field, have done and are doing will be realized, in blessing for years to come. We are informed that the General Board of Education of our church has said "that to place Paine and Lane Institute upon a firm and satisfactory footing it will require the sum of \$30,000, and" for this purpose, they ask the Church to raise that sum as a special gift from those who realize their duty to this (the colored) people and this (their) opportunity to do something to discharge it.

As a Board of Education we believe our Conference and people do realize our duty in this regard and are able and willing to assume and collect our proportional part of this sum, and we recommend that our Conference assess the sum of \$600, for the benefit of Paine and Lane Institute and that the sum be apportioned among the several Presiding Elder's Districts.

From communications received from Bishop Isaac Lane, we are informed that "Lane Institute" is in great need of help to complete the building now in course of erection. Bishop Lane says that he has raised the sum of \$9,500, and the first two stories of the building are finished, but not furnished, and that to complete the building and

to furnish it for use, it will require the further sum of \$5,000. We infer that this building is a necessity in order that this institution shall be in a condition to accomplish its full work. We are glad to believe that "Lane Institute" has done and will continue to do a great and good work for the colored people, and we are in hearty sympathy with them.

J. E. RYLAND.

BOOKS AND PERIODICALS.

PUBLISHING HOUSE.

We rejoice in the increased prosperity of our Publishing House, and recommend most heartily its publications to our people, and pledge ourselves to its support.

SUNDAY SCHOOL LITERATURE.

The Sunday School literature of our church we think compares favorably with that of other denominations. We are glad to know that it is now used in most of our Sunday Schools, and we earnestly recommend its adoption by those schools not now using it.

MISSIONARY LITERATURE.

We desire especially to commend the action of our Mission Board in its efforts to put Missionary literature in the hands of the people. We regard the *Missionary Review* as a periodical of high order, in every way worthy of the great cause it represents. We believe that a more vigorous effort should be made to increase its circulation.

We wish to call especial attention to "The World For Christ," and suggest that our preachers do all they can to carry out the wishes of our Missionary Secretaries to secure for this paper 100,000 subscribers.

CHRISTAIN ADVOCATE.

The *Christain Advocate*, continues to merit our hearty support, and we feel that we should make an earnest effort to put it into every home within the bounds of our Conference.

ST. LOUIS ADVOCATE.

As regards the *St. Louis Advocate*, we think that we cannot do

better than incorporate into our report the resolutions adopted by the Editorial Committee a few weeks since, and suggest that this Conference re-appoint our members of that committee now holding that position. The report of the Editorial Committee is as follows :

"We, the Special Committee appointed to draft report for the several Annual Conferences represented on the Editorial Committee, beg leave to report that we are highly gratified to learn from the Business Manager of the *Advocate*, that he is putting the paper on a cash basis, and that its future is thereby secure against all possible embarrassment.

"And after careful and prayerful investigation of the editorial management and a full statement of objections thereto, and Bro. Palmore's answer, find ourselves in deeper sympathy with the editor in his efforts to meet the wants of this critical age.

"We are well-assured that it is utterly impossible to make a paper that would exactly suit every faction that may arise in the church ; but we do hereby express our confidence in the sincerity and integrity of Bro. Palmore in his efforts to make the St. Louis *Christain Advocate* the ideal religious newspaper."

EPWORTH ERA.

The Epworth *Era*, which has now reached a circulation of 6,000, deserves a much larger patronage, and we recommend that our preachers make an especial effort to secure this ; not only among the Leagues, but also among the members of the Church generally, as it is very necessary for our people to understand the work and take interest in this great movement, and this object can be best secured by putting League literature into their hands.

THE REVIEW.

The literary merit of the *Review* is such that we regard it a periodical not only worthy of patronage but one whose influence will be helpful to anyone who will read it regularly. We recommend that our preachers subscribe for it themselves and that they make an earnest effort to enlist the sympathy of the laymen in its behalf. As the editor of the *Review* is a member of our own Conference, we feel that there is an additional reason for giving it our own hearty support.

JAS. A. DUNCAN.

Chairman.

COMMITTEE ON MEMOIR.

James M'Gehee was born in Lincoln Co., Tenn. Oct. 10, 1822, and died in Dade Co., Mo., Sept. 1, 1895. He came to Missouri when only a boy and was married to Miss Hannah Brown, in Lawrence Co., Sept. 22, 1842, one month before he completed his twentieth year. He was born to be a leader of men and such he was. Until he was twenty-five years old, he was the recognized leader in most of the frolic and fun and much of the baser sin prevalent in this country in the early days; and alas! much of which lingers with us still.

"Afflictions, though they seem severe,
Are oft in mercy sent."

When Mr. M'Gehee was twenty-five years old, while living in Barry Co., he had an attack of fever from which he and all his friends thought he would die. This "stopped him in his wild career, and caused him to repent." Soon after this he moved to Lawrence Co., and settled near the home of Rev. G. M. Minton, who molded him into a Methodist, and with whom he attended a camp meeting, at the Mitchel Camp Ground, in September, 1848, when and where he made a public profession of religion and joined the M. E. Church, South. He and his entire household were baptised by Rev. Jesse Mitchell, the father of J. G. L. Mitchell of this Conference.

He was licensed to preach by the Quarterly Conference of Mt. Vernon circuit, Aug. 30, 1850, being the first Quarterly Conference in the pastorate of the writer of this, and the P. E. C, B. R. Johnson, was not present. Without any education at all, not being able to read the Bible nor hymn book when he joined the church, save as he spelled out the words, he devoted six years to preparation for his life work, in the local ranks and as a supply on circuits, working on his farm and studying as best he could, meanwhile conducting extensive revival meetings in many places.

Forty one years ago he was admitted on trial by the St. Louis Conference, since which he has been one of us. His fields of labor have been: Mt. Vernon circuit eight years; Freemont, four; Springfield, two; Galena, one; Sarcoxie, one; Cassville, two and Nevada, one; total nineteen. At the Conference held in Clinton in 1878 he was given a superannuated relation, which he has ever since sustained, and has been present at but three sessions of the Annual Conference during the last seventeen years.

Bro. M'Gehee's life and labors were given exclusively to but a

few counties in the extreme Southwest corner of the state. Here he was held in high esteem and the people heard him gladly.

The circuit that gave him license to preach, received him joyfully eight times as pastor.

He was the revivalist of his Conference. The truth is not at all hazarded by this statement. During the nineteen years of his effective ministry, James M'Gehee was instrumental in bringing more persons to Christ and enrolling more names on the church registers than any other member of his Conference.

As a preacher he was original and unique, and one of the very best exhorters among us. Bro. Pitts once said of him on the Conference floor, that "he had a clear head, a clean heart, and a slick tongue." He had a musical voice and was a sweet singer. Unquestionably he was "a chosen vessel" to bear the word of the Lord to his fellow men. Often while preaching the Holy Spirit would come upon him with such wondrous power as to transfigure him, when his face would shine "as it had been the face of an angel." He had power with God and prevailed with men.

His life on earth spanned 73 years, less 40 days. His ministerial life was included in 45 years and 2 days.

"They that be wise shall shine as the brightness of the firmament, and they that turn many to righteousness, as the stars for ever and ever." In the true sense our brother was wise and turned many to righteousness. He has gone up "the shining way" to be forever with his Lord, and his works follow him.

He has left to our care the wife of his youth, who was 53 years his companion in toil and triumph, and as our heritage the fruits of a successful life in the ministry.

Who will, who can take up his fallen mantle?

W. S. WOODARD,

For the Committee.

SUNDAY SCHOOL BOARD.

Your Board notes with great pleasure an improvement in the quality of our Sunday School literature, especially the Magazine, which we think second to none as a periodical for the teachers and Bible Schools. We have had before us the report of the General Sunday School Editor and rejoice in the growing interest taken in the observance of Children's Day throughout our entire connection. We

fondly hope that the time is not far distant when the same will be observed in every Sunday School in the bounds of the Southwest Missouri Conference.

In order that our Sunday Schools be furnished with thoroughly equipped teachers, we recommend that, wherever practicable, Normal and Bible classes be formed for the better training of such teachers as will give us the most efficient service.

We regret that the numerical strength of our Sunday Schools is not equal to that of the membership of our churches, but confidently look forward to the time when it will be in excess of the same as it ought to be.

We respectfully request that the Presiding Elders arrange special programs for Sunday School Conventions in connection with their District Conferences and that as much time be given to them as practicable.

We regret to say that, this year there has been a slight decrease in the number of our Sunday Schools. This ought not to be, and we kindly urge our preachers and people to lay this to heart, make a heroic effort to organize Sunday Schools in all our congregations where ten children can be gotten together.

COMMITTEE ON BIBLE CAUSE.

We ask the preachers to urge every church and Sunday School in their charges to contribute promptly and liberally to this important

and fundamental work; without the Bible the preacher has no living message, the church no saving power. The Bible goes and abides where the pastor, missionary and sermon can not. The preachers should first get it on their own conscience and then try to put it on the consciences of their people to support the A. B. S. which bears for us the message of salvation to other lands, besides those where our missionaries go.

A Bible for every child who can read and for every family and individual in every language where it is required, is the object and fondly cherished desire of the A. B. S. The contribution of this Conference last year is less than a third of a cent per member. We are glad to record the fact that contribution per member this year is larger, by reason of the recent action of our General Conference. See Discipline, page 134, Sec. IV., page 65.

In view of this action it ought to amount to at least five cents a member annually.

The contribution this year is \$104.96 in this Conference.

H. L. ANDERSON,
Secretary.

EPWORTH LEAGUE.

We are glad to report a most gratifying increase in the number of Leagues organized since the last session of the conference. There are now 123—increase 43 leagues, and 4668—increase 1473 members within our bounds. Many of these leagues are not chartered and hence are not enrolled at the general office. We trust that our preachers will organize leagues wherever practicable.

We would earnestly urge our people and preachers, and especially the leagues to circulate the *Epworth Era*. This paper is ably edited, and is a necessary medium of communication between the leagues. This paper ought to have a wider circulation, and by the end of the quadrennium we hope its subscription list will number 2500.

We are of the opinion the leagues should have some special work on hand which would keep them in touch with the educational work of the church. We therefore recommend to the leagues of the Conference an active co-operation with the leagues of the State, along such lines of work as may be indicated by the Executive Committee of the State Conference.

We also commend Miss Anna Scott, field secretary, to all of our

leagues that desire special instructions in Bible studies, and help in junior league work.

W. J. CARPENTER,
Secretary.

METHODIST BENEVOLENT ASSOCIATION.

The Coupon Bonds of this Association have yielded the only revenue that can be commanded at this time.

The interest collected on Coupon Bonds this year is \$116.35, which has been paid to the Joint Board of Finance.

The following are the officers for the ensuing Conference year: John E. Ryland, president; M. M. Pugh, vice president; Lon V. Stephens; treasurer; James M. Boon, secretary.

JAMES M. BOON,
Secretary.

MINISTERIAL AID SOCIETY.

The Ministerial Aid Society of the Southwest Missouri Conference met at the call of the president, Sept. 23rd, 1:30 p. m. It was moved that the Ministerial Aid Society disband and turn over its interests to the Board of Education.

On motion all advance payments were ordered returned to the parties paying.

On motion the secretary was appointed to settle with the Board of Education.

W. J. CARPENTER,
President.
